EARMARK DECLARATION

HON. JOHN SULLIVAN

OF OKLAHOMA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 23, 2009

Mr. SULLIVAN. Madam Speaker, consistent with House Republican Earmark Standards, I am submitting the following earmark disclosure and certification information for three project funding requests that I made and were included within the text of H.R. 3288—the FY 2010 Transportation, Housing and Urban Development, and Related Agencies Appropriations Act.

PROJECT 1

Project: Tulsa International Airport, Memorial Drive and Waterline Project

Project Amount: \$500,000

Account: Federal Aviation Administration Airport Improvement Program

Legal Name of Requesting Entity: Tulsa Airport and Improvement Trust/City of Tulsa

Address of Requesting Entity: P.O. Box 581838, Tulsa, OK 74103

Description of Request: Funding will upgrade approximately 1,000 feet of 8" waterline to 12" and extend the line an additional 1,800 feet. It will also reconstruct and re-align Memorial Drive south of Port Road, including repairs to about 1,000 feet of existing road and re-alignment of approximately 1,000 feet of road. This work is needed to support re-development of this area from its old, original residential use into an area being prepared for construction of large aircraft maintenance, repair and overhaul facilities planned for the North Development Area at Tulsa International Airport.

PROJECT 2

Project: US 60, widen between Bartlesville and Pawhuska, Osage County, OK

Project Amount: \$400,000

Account: Federal Highway Administration Transportation & Community & System Preservation

Legal Name of Requesting Entity: Oklahoma Department of Transportation

Address of Requesting Entity: 200 NE 21st Street, Oklahoma City, OK 73105

Description of Request: Funding will be used to provide needed transportation improvements to a heavily traveled narrow two lane highway containing both poor vertical and horizontal curves resulting in a high rate of accidents. This road is a key National Highway System route in northeastern Oklahoma, more specifically connecting Bartlesville and Vinita. This critical project is important for widening US 60 from approximately 2 miles east of the US 60/US 75 interchange east approximately 5.5 miles.

PROJECT 3

Project: Metropolitan Tulsa Transit Authority, bus purchase, Tulsa, OK

Project Amount: \$750,000

Account: Federal Transit Administration Buses & Bus Facilities

Legal Name of Requesting Entity: Metropolitan Tulsa Transit Authority

Address of Requesting Entity: 510 S. Rockford, Tulsa, OK 74120

Description of Request: Continued funding will be used to help Tulsa Transit's aging paratransit vehicle fleet—In the next three years, 26 of Tulsa Transit's full-sized transit

buses will be eligible for replacement and all of the 40 paratransit vehicles are now ready to be replaced. Without the flow of capital funding to replace obsolete equipment, it is extremely difficult to maintain levels of service and existing route structure. Ridership has been increasing over the last year due to high fuel prices and the demand for transit service is expected to continue to increase.
